## About

Born in Walnut Creek, CA, and raised in Santa Fe, NM, I spent my early years working as an alpaca rancher and flea market vendor. After transitioning into web development and design, I relocated to Nashville, TN, where I have spent years cultivating a deep love for small companies, flagship products, and working closely with the passionate people who create them.

## Work

### Front End Developer for Crystal

2017-present

Responsibilities: Working in a small team to build, test, refine, and maintain several products, including mobile apps.

### Designer and Developer for Venture360
